The Derma Infusion contains active ingredients such as vitamins C and E as well as hydrolysed collagen.

Ms Zhav says these ingredients can penetrate deeper into the dermal layer when infused with the micro-current machine used in the Hollywood Lift, giving skin radiance, hydration and rejuvenation.

She recommends the Hollywood Lift treatment, combined with the Derma Infusion Mask for men and women from the age of 35 to prevent and offset the signs of ageing skin. The centre is offering the Hollywood Lift treatment at an introductory price of \$145.
